KNOWLEDGE CAPITAL IN THE DIGITAL SOCIETY (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2012. Paperback. Condition: New. Language: English. Brand new Book. "Knowledge Capital in the Digital Society" describes how the information society arose, is currently structured, and its possible future directions. The author argues that knowledge is an important part of a person's capital and that information technologies have brought us to the critical point where knowledge is becoming systems-centric instead of brain-centric. He describes how digital technologies are creating a new world information community (WIC)...

Reviews

Complete information for publication enthusiasts. I have go through and that i am confident that i will gonna go through once more again in the future. Its been printed in an exceptionally basic way and is particularly just following i finished reading through this book by which basically altered me, alter the way i really believe.
-- Angela Kuhn

An extremely great publication with perfect and lucid answers. It really is writter in straightforward phrases and never hard to understand. You can expect to like how the author write this publication.
-- Michaela Cruickshank III
